## Front-End Developer

### [Portfolio Website](#)

Front-End Developer with a proven ability to work effectively with senior developers. I attended a 100+ hour coding boot camp to learn new languages while sharpening existing skills. Interested in a position where I can apply my passion for coding to a team of talented engineers.

### Projects

#### Getfit - The fit club

-- React

This is a simple website I created for a fitness club. In which you will get detailed information about the gym such as pricing and services.

#### Upanna

-- React Native

This project is based on the booming food industry. This is an user-side application. where you can place a weekly or monthly subscription order for tiffin.

#### ammango

-- Figma

This is the website design I made for a friend of mine who is a big seller of mangoes and wants to expand his business online. You can order fresh, juicy mangoes through this app, and they will be delivered to your house.
